“

ACCA is a great qualification to go with. It offers immense knowledge and global exposure. I am an ACCA member, working with an ACCA approved employer, who I found thanks to the ACCA job portal and continuous job alerts. This job portal not only helped me find the best work opportunities, but also helped me understand my interest in different fields of finance. I highly recommend the ACCA job portal to all the ACCA affiliates and members. Explore it and find your dream job.

“

The ACCA careers job portal has a whole world of opportunities listed for its members, affiliates and students. ACCA's effort in making sure that its students have a lot of career options and job opportunities to choose from is appreciable. I am thankful to ACCA for the wonderful support they have given me.
